4.4mm:250mW@32Ω

MOON RIVER 2
After-sales warranty terms

This product can enjoy a seven-day replacement and 12-month warranty service if there is a non-human-caused failure from the date of shipment. If there is accident or faulty caused by improper use, payment will be provided according to the failure situation

If this product fails and meets the warranty conditions, please contact the merchant or email to support@moondroplab.com, and send the product back under the guidance of the merchant's customer service

· This product is a precision electronic product. Please avoid placing this product in a humid, dusty, high temperature, or low-temperature environment, and avoid pulling, bumping, or squeezing this product to prevent unnecessary damage. The malfunction caused by the above situation does not include a seven-day renewal and free maintenance service within 12 months.
· Failures caused by broken wires, deformed shells, water ingress, dust or corrosion, broken plugs, rupture of tuning materials or units are not covered by the warranty.
· If we cannot provide maintenance services due to product replacement during the warranty period, our company will provide replacement services accordingly, and the replaced product does not enjoy warranty services.
· If the warranty of the product has expired and cannot be repaired due to product replacement, our company will not be able to provide paid repair services.
· If the product shell or core components are severely deformed due to external forces, our company will not be able to provide paid maintenance services.
· The after-sales maintenance cycle generally ranges from 7-20 working days (excluding shipping days), depending on the situation of the After-Sale department.
